

# Privacy Policy

Voltrim Downloader

---

**Last Updated: December 2025**

This Privacy Policy explains how Voltrim Downloader handles user data and privacy. Voltrim is designed as a local, offline-first application with a strong commitment to user privacy.

## 1 Information We Collect

Voltrim Downloader does **not** collect, store, or transmit any personal information.

All processing occurs locally on your computer.

## 2 Data Storage

No user data is stored on external servers.

All downloaded content, application settings, and temporary files remain entirely on your local device.

## 3 Third-Party Services

Voltrim Downloader does not use analytics, tracking technologies, or any third-party data collection services.

## 4 Component Downloads

The Software downloads required open-source components, including:

- yt-dlp
- FFmpeg

These components are obtained only from their official sources and are necessary for the proper functioning of the application.

No personal data is transmitted as part of this process.

## 5 Contact Information

For questions or concerns regarding this Privacy Policy, please contact:

[voltrimbiz@gmail.com](mailto:voltrimbiz@gmail.com)

## 6 Policy Changes

This Privacy Policy may be updated from time to time. Any changes will be reflected in the project documentation.
