

PRIVACY POLICY

Voltrim FlipCraft — Privacy Policy

Copyright © 2026 Voltrim Creative Minds

Last updated: January 2026

This Privacy Policy explains how Voltrim FlipCraft (“the Software”), developed and published by Voltrim Creative Minds, handles your information.

1. Data Collection

Voltrim FlipCraft collects **NO personal data** whatsoever.

The Software:

- × Does not collect your name, email address, or any identifying information
 - × Does not transmit your PDF files, images, or documents to any server
 - × Does not upload your generated flipbooks to any cloud service
 - × Does not track how you use the application
 - × Does not include analytics, telemetry, or crash reporting
 - × Does not require user registration or an account of any kind
-

2. Network Requests

The Software makes the following limited and transparent network requests:

(a) **Poppler Download — First launch only**

The Poppler PDF rendering engine (~25 MB) is downloaded from GitHub (<https://github.com/oschwartz10612/poppler-windows>) on first launch. No personal data is transmitted. This is a one-time download.

(b) **WebView2 DLLs — First flipbook creation (Pro edition only)**

Microsoft WebView2 display libraries (~4 MB) are downloaded from NuGet (<https://api.nuget.org>) on the first Pro flipbook creation. No personal data is transmitted. This is a one-time download.

(c) **Poppler Update Check — Only when you click “Check Updates”**

The app contacts GitHub to check for a newer version of Poppler. No personal data is transmitted.

All other operations — PDF rendering, flipbook creation, encryption, compilation — are performed entirely on your local machine.

3. Your Generated Content

All content you create using the Software — including source files (PDFs, images, Word documents) and generated flipbooks (.exe and .dat files) — remains entirely on your computer at all times.

Voltrim Creative Minds has no access to, and makes no claim over, any content you create using the Software.

4. Local Data Storage

The Software writes only the following data to your computer:

- Poppler PDF engine files — stored in the application installation folder
 - WebView2 DLL files (Pro) — stored in:
C:\Users\[YourName]\AppData\Roaming\VoltrimFlipCraftBasic\tools\
 - Temporary decryption folder — created in your system Temp folder during flipbook viewing, deleted automatically when the viewer is closed
 - Application settings — stored in Windows Registry under:
HKEY_LOCAL_MACHINE\Software\VoltrimFlipCraftBasic (or Pro)
-

5. Third-Party Services

The Software interacts with the following third-party services solely to download required components (see Section 2):

- GitHub (github.com) — Poppler download
- NuGet (api.nuget.org) — WebView2 DLL download (Pro edition)

These services have their own privacy policies. Voltrim Creative Minds does not control and is not responsible for the privacy practices of these services.

6. Children's Privacy

Voltrim FlipCraft does not collect any data from anyone, including children under the age of 13. The Software is suitable for use by individuals of any age, subject to the End User Licence Agreement.

7. Changes to This Policy

If this Privacy Policy changes in future versions of the Software, the updated policy will be included in the new installer and documentation. The “Last updated” date at the top of this document will reflect the most recent change.

8. Contact

If you have any questions about this Privacy Policy, please contact:
