Voltrim FlipCraft — Third-Party Component Notices

Copyright © 2026 Voltrim Creative Minds

Voltrim FlipCraft includes or depends on the following open-source and third-party components. Their licences and notices are reproduced below as required by their respective terms.

1. Poppler

Name	Poppler
Version	24.08.0 (primary), 23.11.0 (fallback)
Purpose	PDF rendering engine (pdftoppm.exe, pdfinfo.exe)
Source	https://poppler.freedesktop.org
Windows	https://github.com/oschwartz10612/poppler-windows
Licence	GNU General Public License, Version 2 (GPL v2)

Voltrim FlipCraft uses Poppler to convert PDF pages into images. As required by the GPL v2, the Poppler source code is freely available at the links above. Voltrim Creative Minds' own source code is not subject to the GPL by virtue of this use.

Full GPL v2 licence text: <https://www.gnu.org/licenses/old-licenses/gpl-2.0.html>

2. Microsoft WebView2 Runtime (Pro edition only)

Name	Microsoft Edge WebView2 Runtime
Purpose	Embedded browser engine for Pro flipbook viewer
Source	https://developer.microsoft.com/en-us/microsoft-edge/webview2/
Licence	Microsoft Software Licence Terms for WebView2

The WebView2 Runtime is a component of Microsoft Windows 10 and Windows 11 and is subject to Microsoft's licence terms. It is not distributed by Voltrim Creative Minds — it is pre-installed by Microsoft on supported Windows versions.

WebView2 SDK (Microsoft.Web.WebView2.WinForms.dll):

- NuGet: <https://www.nuget.org/packages/Microsoft.Web.WebView2>
 - Licence: <https://www.nuget.org/packages/Microsoft.Web.WebView2/1.0.2088.41/License>
-

3. Microsoft .NET Framework — CSC.EXE (Pro edition build process)

Name	Microsoft .NET Framework C# Compiler (csc.exe)
Purpose	Compiles the Pro flipbook viewer C# source into a Windows executable
Source	Pre-installed with .NET Framework 4.x on Windows
Licence	Microsoft Software Licence Terms

csc.exe is a component of Microsoft .NET Framework pre-installed on all modern Windows PCs. It is not bundled with or distributed by Voltrim Creative Minds. It is invoked during flipbook creation to compile the viewer executable.

4. Audio Assets

The flipbook sounds (page flip, book open, book close) are royalty-free audio files included under their respective royalty-free licences.

thick-page-flip.mp3 — royalty-free page-flip sound effect.

If you have licensed specific audio files for use with this product, the appropriate attribution required by your licence should be noted here.
